TYPE SPIII

252-2003

Beck/Arnley Premium Automatic Transmission Fluid for Type SPIII is a superior quality formulation of high-performance base oils and carefully selected additives. It includes a unique mix of friction materials for the specific pressure settings present in Hyundai, Kia and Mitsubishi automatic transmissions which helps promote optimum shift quality.

This product is chemically balanced to provide protection for seals and o-rings against corrosion, and metal components from rust and wear as well as resistance to oxidation to prolong the life of the fluid.

Use this Premium Automatic Transmission Fluid for Type SPIII when Type SPIII automatic transmission fluid is required for Hyundai, Kia and Mitsubishi vehicles.

Always check owner's manual for proper application.
